Luna Subdivision - Community Meeting Report

COMMUNITY MEETING REPORT
Petitioner: Toll Brothers
Note: This Petition is not for rezoning.
The current R-CD zoning designation will remain.

This Community Meeting Report is being provided to Town of Weddington Planning Staff/Administrator pursuant to the provisions of the "Town of Weddington, NC Unified Development Ordinance" Section D-607.C.5.

PERSONS AND ORGANIZATIONS CONTACTED WITH DATE AND EXPLANATION OF HOW CONTACTED:

McKim & Creed, a representative of the Petitioner, provided the Town of Weddington (the Town) with a written notice of the date, time, and instructions for interested parties to respond to the notice of the Community Meeting on August 8, 2023. The Town then mailed that notice to adjacent property owners within 1,300 linear feet of the proposed development by depositing such notice in the U.S. mail and posted the notice on the Town's website. The mailing list is attached hereto as Exhibit A. A copy of the written notice is attached hereto as Exhibit B.

DATE, TIME AND LOCATION OF MEETING:

The Community Meeting was held on (08/15/2023) at (6:00pm) online via Zoom.

PERSONS IN ATTENDANCE AT MEETING (see **attached copy of participants**)**:**

The Community Meeting was attended by those individuals identified on the Zoom screen and attached hereto as Exhibit C. The Petitioner was represented at the Community Meeting by Beth Johnston and Tracey McCormick of McKim & Creed.

SUMMARY OF PRESENTATION/DISCUSSION:

Minutes: The Petitioner's agent, Beth Johnston, welcomed the participants, explained that there would be a short presentation and a time for questions at the end of the presentation, and introduced the Petitioner's team. Ms. Johnston indicated that Toll Brothers proposed to develop the approximately 29-acre site located at 5932 Weddington-Matthews Road, Weddington, NC, with the intention to subdivide the parcel into 18 lots to construct for-sale, market-rate single-family homes. Ms. Johnston conducted the presentation that described the existing site conditions, described the proposed site plan, and presented a typical conceptual timeline of the review and approval process. At the conclusion of the presentation, the meeting was opened for questions and concerns from participants. A copy of the presentation is attached hereto as Exhibit D.

Twenty-three (23) log-in names, not including petitioner or petitioner's representatives, were recorded in attendance as set out in Exhibit E. Many spoke with questions and comments, with the main concerns being: 1) The increase in traffic volume on Weddington-Matthews Road, 2) Cut-through traffic in Bromley due to the proposed connection at Delaney Drive, 3) Potential issues with an increase in sewer volume if connecting to existing lines in Bromley, 4) The potential adverse effect of stormwater runoff from Luna into Bromley and the potential for Bromley homeowners to have to pay for further repairs, 5) Potential safety issues from the alignment of the main entry for Luna with Cox Road, 6) The need for a traffic study, and 7) the lack of a buffer between Bromley and Luna.

A summary of questions asked/*replies given*, and comments is as follows:

From Bill Deter:
- Clarified that the site is 28.9 acres. *Beth misspoke during the presentation and gave the acreage as 18.9.*
- Can you explain the Buffer along Matthews-Weddington Road?
  The buffer is a 50' landscaped buffer required when the side or rear of lots are adjacent to an existing road. The plant material must create a year-round screen.
- Will the streets be curbed? *Yes*
- Other concerns: The BMP located between Luna Lot 10 and the property boundary (*positioned as topography and drainage area requires and is shown connecting to an existing 20' storm drain easement)*, Sight Distance at Weddington-Matthews Road (*Site Distance study will be a part of civil design)*, and would like to see turn lanes added, especially a left-turn so traffic doesn't back up (*The Town determines if a TIA will be required, and has determined that Luna does not meet the threshold established in the TIA Ordinance)*

From Chris Gushue:
- Concerned that the only other entrance into Luna besides the Matthews-Weddington Road one is via a connection to Delaney Drive, and the cut-through traffic that connection will inflict on Bromley. Feels this

connection will impede Bromley homeowners. *When a road is stubbed at a property line, the Town's UDO requires a connection.*
- Stated that Bromley homeowners pay a yearly HOA fee for shared amenities and are currently paying an additional assessment for repairs to the existing lake due to stormwater damage. Concerned that stormwater from Luna will adversely affect Bromley's system, causing Bromley's homeowners to pay for possible damage without consequences to Luna homeowners. Proposed that, as mitigation to this possibility, HOA's for Bromley and Luna be combined. *Storm facilities will be designed per local and state requirements, which have become more rigorous since Bromley's infrastructure was designed.*
- Concerned about connecting Luna to the existing sanitary sewer in Bromley. Stated the there is a current issue with unacceptable results from a system clean-out by the Town to eliminate blockages for some homes in Bromley. *Since public water and sewer are controlled by Union County, per that UDO, when sewer is available within 300', new development must connect.*
- Concerned about traffic speed, and asked if there will be barriers and/or speed bumps. *Neither are required or planned at this time.*
- Stated that he would like the Town to provide existing residents with an opportunity to voice concerns about layout and road connections. *Robert Tefft, Weddington Town Planner, responded that the current plan is neither final nor approved, and that there will be a public hearing if/when the plan reaches Town Council.*
- Requested that Toll Brothers provide an opportunity for Bromley residents to voice their concerns about the proposed plan and stated that he will submit his concerns to the Bromley HOA board.

From Jolon Shields:
- Lives at the corner of Bromley Drive and Delaney Drive and backs up to the Luna property line.
- Is there a possible connection from Luna to Hemby Road. *No – the Luna parcel does not reach Hemby Road.*
- Is there fencing required or proposed between Luna & Bromley. *No, there is no fencing proposed, as the zoning designation and use for both communities is the same, but it will be brought to the attention of Toll Brothers.*
- Can there be a gate installed in Luna at the connection to Delaney. *Currently, Delaney is a public street, so the extension into Laney will have to be public as well. NCDOT will not allow gates on a public street.*

From Richard:
- Lives in Bromley and has the same issues as Mr. Gushue.
- Also is concerned with the proposed connection point for Luna at Cox Road. Cox already has speed issues and feels the connection alignment is not safe, needs review and possible realignment.
- Is concerned that sanitary sewer capacity is not adequate.
- What are the proposed price points for homes in Luna? *The market will ultimately determine price, but homes are expected to be priced similarly to those in The Enclave at Baxley, at the corner of Providence and Hemby Roads. (Current median list price is $1,514,402)* Is concerned that Enclave at Baxley pricing is much lower than the current Bromley price point.

From Bill Fox:
- Requested a copy of the presentation. *PDF copy emailed to Mr. Fox 8/16/2023.*

From Gale Swartz:
- Concerned about construction traffic, damage to streets, noise, etc. Stated she would like to have assurance that no construction traffic will go through Bromley. *Tracey McCormick stated that civil plans approved for construction will be noted that all construction traffic shall use the provided construction entrance, which should be off of Matthews-Weddington Road.*

From Debra O'Hara:
- Lives on the property adjacent to Luna at the northern boundary. Will there be a buffer between the two properties? *No, there is no buffer required or proposed, as the zoning designation and use for both properties is the same. Per the UDO, there will be a 40' rear setback on all lots in Luna.*

From Wanda Shaver:
- Lives adjacent to Weddington-Matthews Road just north of the Luna parcel. Requests that a buffer be provided in Luna along the adjacent boundary. Concerned about the speed of traffic on both Weddington-Matthews Road and Cox Road, as well as drivers not stopping at the intersection of Weddington-Matthews and Cox Roads, and that the addition of an entrance to Luna will be detrimental to the safety of the intersection.

From Robert Tefft, Weddington Town Planner:
The most likely date for the project to come before the Planning Commission is the September 25th meeting.

From Robert Price, Land Development Director, Charlotte, Toll Brothers:
Believes Luna will be a great addition to the community of Weddington and is excited for the project to move forward.

From Zoom Chat Log:

00:36:10 Robert Tefft: This project will not be on the Planning Board agenda for August 28th.

00:49:17 Gale Schwartz: Who is addressing this question

00:49:50 Bill Deter: Robert Teft Town Planner

01:10:31 Ken Mertzel: Thanks for the update. I strongly agree with the need for the left turn lane. I also believe the HOAs should be combined as long as our Bromley fees are not increased.

01:16:32 Gale Schwartz: Traffic in Bromley as well at Cox Rd will be a BIG ISSUE. Please do a proper study on this.

Respectfully submitted, this 1st day of September 2023.

NOTICE TO INTERESTED PARTIES
OF COMMUNITY MEETING

Subject: Community Meeting – Application filed by Toll Brothers, Inc. to develop approximately 29 acres located at 5932 Matthews-Weddington Rd, Matthews, NC 28104 within the Town of Weddington, consisting of eighteen (18) single family detached lots and required associated improvements.

Date and Time of Meeting: August 15, 2023; 6:00 – 7:00pm

Place of Meeting: Virtual via Zoom link.
Instructions to obtain the link are outlined below.

Petitioner: Toll Brothers, Inc.

Petition No.: TBD

We are assisting Toll Brothers, Inc. (the "Petitioner") with a Development Application filed with the Town of Weddington. The petitioner is not seeking a rezoning. The parcels will remain R-CD as currently zoned and developed according to the standards applicable to R-CD. The Town of Weddington utilizes the Conditional Zoning Application form and review process for any residential development over 5 lots.

In accordance with the requirements of the Town of Weddington, the Petitioner will hold a Community Meeting prior to the Planning Board review on this Development Application to discuss this proposal with nearby property owners and organizations. The Town of Weddington's records indicate that either you are:

1) An owner of property that adjoins, is located across the street from, or is near the Site, or
2) A representative of a registered neighborhood organization.

Accordingly, on behalf of the Petitioner, we give you notice that representatives of the Petitioner will hold a Virtual Community Meeting regarding this Development Application on August 15, 2023, via Zoom from 6:00-7:00 pm. The Petitioner's representative's look forward to sharing this proposal with you and to answering questions you may have with respect to this Development Application.

To request a direct link to the presentation and community meeting, please email
communitymeetingaccess@mckimcreed.com

You will receive a reply email containing a direct link to the presentation and community meeting, which will be accessible 15 minutes prior to the stated start time.

In the meantime, should you have any questions or comments about this matter, please call Tracey McCormick at 704-945-3367.

TABLE OF CONTENTS

LUNA SUBDIVISION
DOWNSTREAM ANALYSIS NARRATIVE

Luna is a proposed 18-lot single-family subdivision located on +/- 29 acres in Weddington, Union County, North Carolina. The existing site conditions include a mix of grass and trees. The predominant soil types according to the USDA Soil Survey are Cecil, Helena & Appling, both Cecil and Appling have a hydrologic soil group rating of "B" while Helena has a hydrologic soil group rating of "D". The site is located in the Sixmile Creek watershed, within the Catawba River Basin. The development will be located off Weddington-Matthews Road, adjacent to the existing Bromley Subdivision.

Stormwater management for the project will be designed in accordance with the Charlotte-Mecklenburg Stormwater Design Manual, with exceptions where Weddington's ordinances list a stricter regulation. Over 20,000 square feet of new impervious will be created as part of the Luna development, therefore stormwater detention will be provided to control runoff to pre-developed rates for the 2-, 10-, 25-, 50- and 100-year, 24-hour storm events. Volume control for the 1-year, 24-hour storm will also be provided.

A downstream analysis of the existing Bromley subdivision storm system was performed to ensure that the proposed Luna development will not create downstream drainage issues. The existing Bromley storm system was modeled using Bentley StormCAD to compare flows under existing conditions versus flows after the development of Luna subdivision. The storm system was modeled for the 10-, 25- and 100-year storm events.

The summary tables provided on the following page demonstrate that flows entering Bromley Subdivision will decrease as a result of the Luna development. Stormwater Control Measure (SCM) #2 located behind Bromley lots 23-25 is designed to restrict flows leaving the site at point of interest (POI) #2 to below pre-development rates. The offsite drainage area flowing to Bromley lots 19-22 and the dead end of Delaney Drive will be reduced from 2.99 acres to approximately 0.15 acres

PRE-DEVELOPMENT FLOWS TO POINT OF INTEREST #2

STORM EVENT	PEAK FLOW (CFS)
